Monday 9th October	1.00pm - 1.45pm	Thinking Room
Monday 13th November	1.00pm - 1.45pm	Thinking Room
Monday 11th December	1.00pm - 1.45pm	Thinking Room

Session Detail

Online Sessions

Reinvigorating your Vision

An opportunity to revisit your vision, celebrate where you have come and make plans for the future.

Building your profile to progress your career:

This session will explore how to build your profile externally and internally to support your career progression. The session will include input from experts and you will also have the opportunity to discuss what works for you (and hear about what works for others).

Revisiting the Leaders Plus Fellowship:

A reminder of the key aspects of the programme and how they can help you with career progression, including time to think and reflect on how to implement this in your career and family life.

Negotiating for Impact:

Negotiating successfully not only helps you achieve the right working environment for you, but plays a huge role in making you a more effective leader in addressing gender inequality. We will look at how to effectively negotiate for yourself and also on behalf of your team. There will be expert input on negotiation and small group role play where you will practice negotiation techniques.

In person Sessions

Network and Reconnect 1 and 2 (with senior leader mentors):

These face to face events provide two opportunities during the programme to network with alumni and senior leader mentors. Each session will provide plentiful opportunities for rich discussion, learning and connection.

Thinking Room Sessions

Thinking Room (optional):

Once a month we will host a Thinking Room. This is entirely optional and open to alumni and current fellows. It is an opportunity for structured thinking as you will be paired with another alumni or current Fellow to take part in a thinking pair and ponder whatever comes to mind when asked "What would you like to think about and what are your thoughts?"
